Our newest hot and cold bottle-less water cooler has 4 times the storage capacity of our other 2-temp models - **6.3 gallons**. Serves busy offices with up to 70 people. The taller 8" opening allows larger mugs and bottles easy access for refills. RO version comes with 100 GPD RO membrane. Choose models with **Reverse Osmosis** filtration for crystal clear water and the removal of minerals that cause scale deposits in coffeemakers and other fixtures. Use the **Standard Filtration** version for areas with softer water (under 5 grains of hardness), for fresh tasting water.
